

Kutronix® iMouse S30

2.4GHz Wireless Optical Mouse

With the Kutronix 2.4GHz Wireless Optical Mouse you can say good-bye to tangled cords and clutter, now you can experience a reliable receiver-free wireless connection with a 30 feet range. This mouse features an optical sensor that lets you work on virtually any surface providing better speed, accuracy and reliability than the traditional mouse. The auto-sleep feature helps save your battery life when mouse is not in use, extending your battery life.

■ 2.4 GHz Radio Frequency Wireless Technology

With 2.4 GHz RF wireless technology you can enjoy working at any angle and at a distance of up to 30 feet.

■ Battery Saving

With the Auto-Sleep feature you can automatically maximize your battery life when mouse is not in use.

■ Optical Sensor

This mouse features a 1000-DPI optical sensor that improves speed, accuracy and reliability without hassle of clogged mouse ball.
