

**\* Product Overview**

The Kutronix® AKB-132UY Luminous 4X Large Print Desktop Keyboard is designed for those eyesight isn't quite what it used to be, or for anyone with a slight visual impairment. With its large 4X black print on bright yellow keys, you can do anything from a simple Email to finishing your next novel with greater ease and less strain on your eyes. The membrane key switches provide a quiet and quick response and stand up to heavy use- up to 5 million keystrokes! Not only is the Kutronix® AKB-132UY keyboard great for anyone with slight visual impairments, but its large bright fluorescent keys make it a great, and even fun for kids to use too!

**\* Ergonomic Fluorescent 4X Size Print Keys**

The large 4X size black print on fluorescent yellow keys provide excellent contrast and larger appeal over traditional keyboards that have small white letters on dark black keys.

**\* Multimedia & Internet Controls**

Control your media with one-touch using the built-in Multimedia HotKeys. You can also navigate the Internet and access your email with the built-in Internet Hotkeys. In other words, you have convenience with one touch of a key!

**\* Quiet Membrane Key Switches**

With a life cycle of 5 million keystrokes, Membrane key switches provide a faster response along with a quieter typing experience.
